In spite of his assurance, the said Principal is continued in that institution. The Superintendent who is also working in the same institution and who is a supporter of the Principal is harassing the employees of the institution. Complaints have also been received against the Principal that he is trying to take revenge against the employees who have complained to the Director. It is also reported that he is trying to destroy the proof regarding the above incidence available in the office. Hence I urge the Government to take suitable immediate action in the matter.

V. ಬೆಂಗಳೂರಿನ ಇನ್ಸ್‌ಟಿಟ್ಯೂಟ್ ಆಫ್ ಟೆಕ್ನಾಲಜಿಯ ಎರಡನೇ ತರಗತಿ ವಿದ್ಯಾರ್ಥಿಯಾದ ಉದಯಂರವಿ ಸಾವಿನ ಬಗ್ಗೆ.

SRI S. BANGARAPPA.—Mr. Speaker, Mr. Udaya Ravi a student of II year B.E. in Bangalore Institute of Technology, Bangalore has ended his life by hanging himself in his house on Wednesday 12th March, 1986 after receiving information from the University authorities that he was being debarred from appearing in the ensuing examinations for malpractices. But, the students of the B.I.T. claim that the answer sheets of Mr. Ravi in respect of drawing had been changed by someone by which Mr. Ravi was victimised. In protest of the stand taken by the university authorities, the student of B.I.T. did not attend classes and have also took out a procession demanding identification of the culprit. Besides they demand to set a specific time for with-held cases, announcement of results, marks card issue and relevant other problems. Such lapses on the part of the University authorities and authorities of Education Department have been leading to the suicides by some innocent student. I would like to know from Government the action taken in each of such cases.

SRI A. LAKSHMISAGAR.—Sir, the Hon'ble Minister for Education has already stated that he would institute an enquiry and take suitable action in the matter.
